- Christians in each venue to get on board to serve refreshments and build relationships
- Church members to invite family, friends, neighbours etc.
- A successful advertising campaign to 'spread the word'. Our target audience to see the adverts and respond.
- Local toddler groups, nurseries, schools etc to help promotion.
- For the 'taster sessions' in July and August to enthuse church members to pray, support and invite
- The first session in each venue; for people to come, technology to work and things to run smoothly; for families to feel welcome, make friends and have fun; for families to meet with Jesus.
- A 'new' church to grow in which young families can worship, pray, grow and reach out with the Gospel
- Bubble church to raise the spiritual temperature in the mission community; for us to be encouraged and then step out further in faith.
